MUMBAI

Start

As of 19Aug, 2026

WHAT WE IDENTIFIED

01

57% outrages costing \$100k due to audit failures

50% of time is spent understanding

50% of time is spent understanding

02

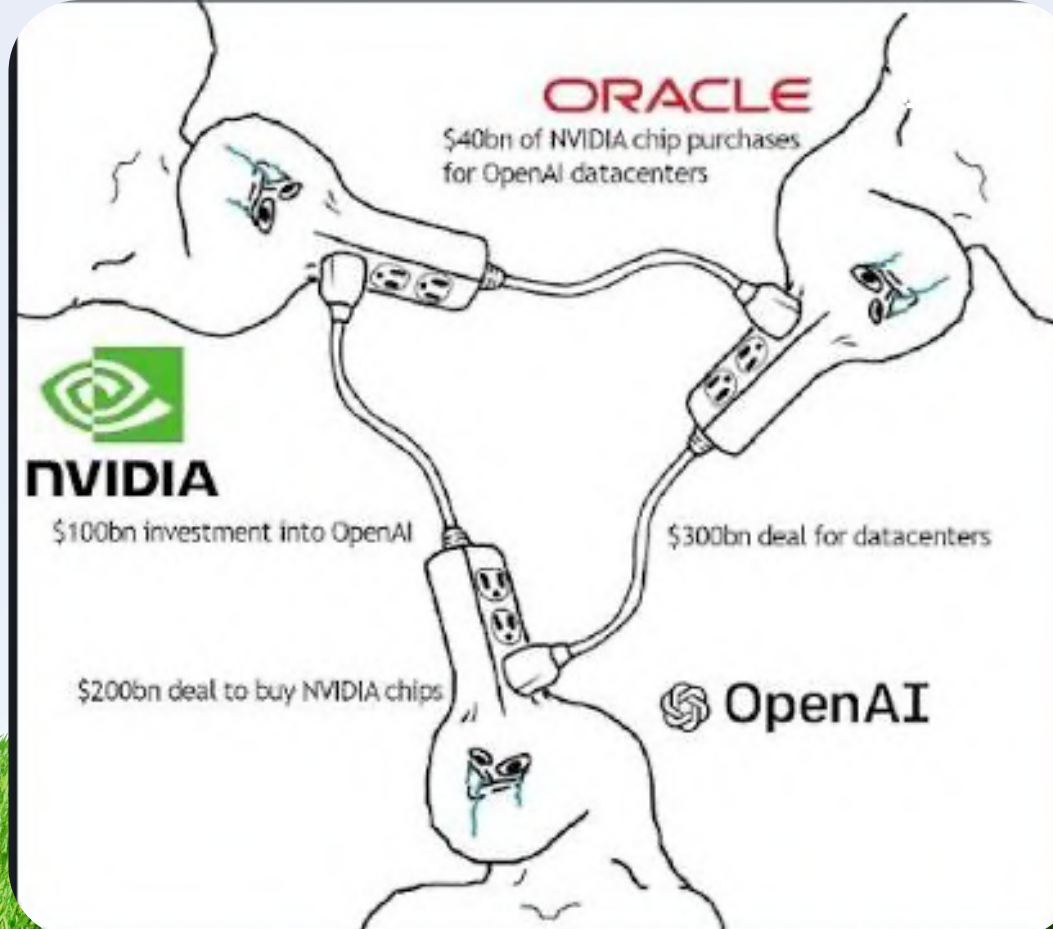

BiggestProblem

Delay in proposals,
Delayed testing,
Suppliers keep postponing,
local vendors are risky,
tracking is a blackbox

04

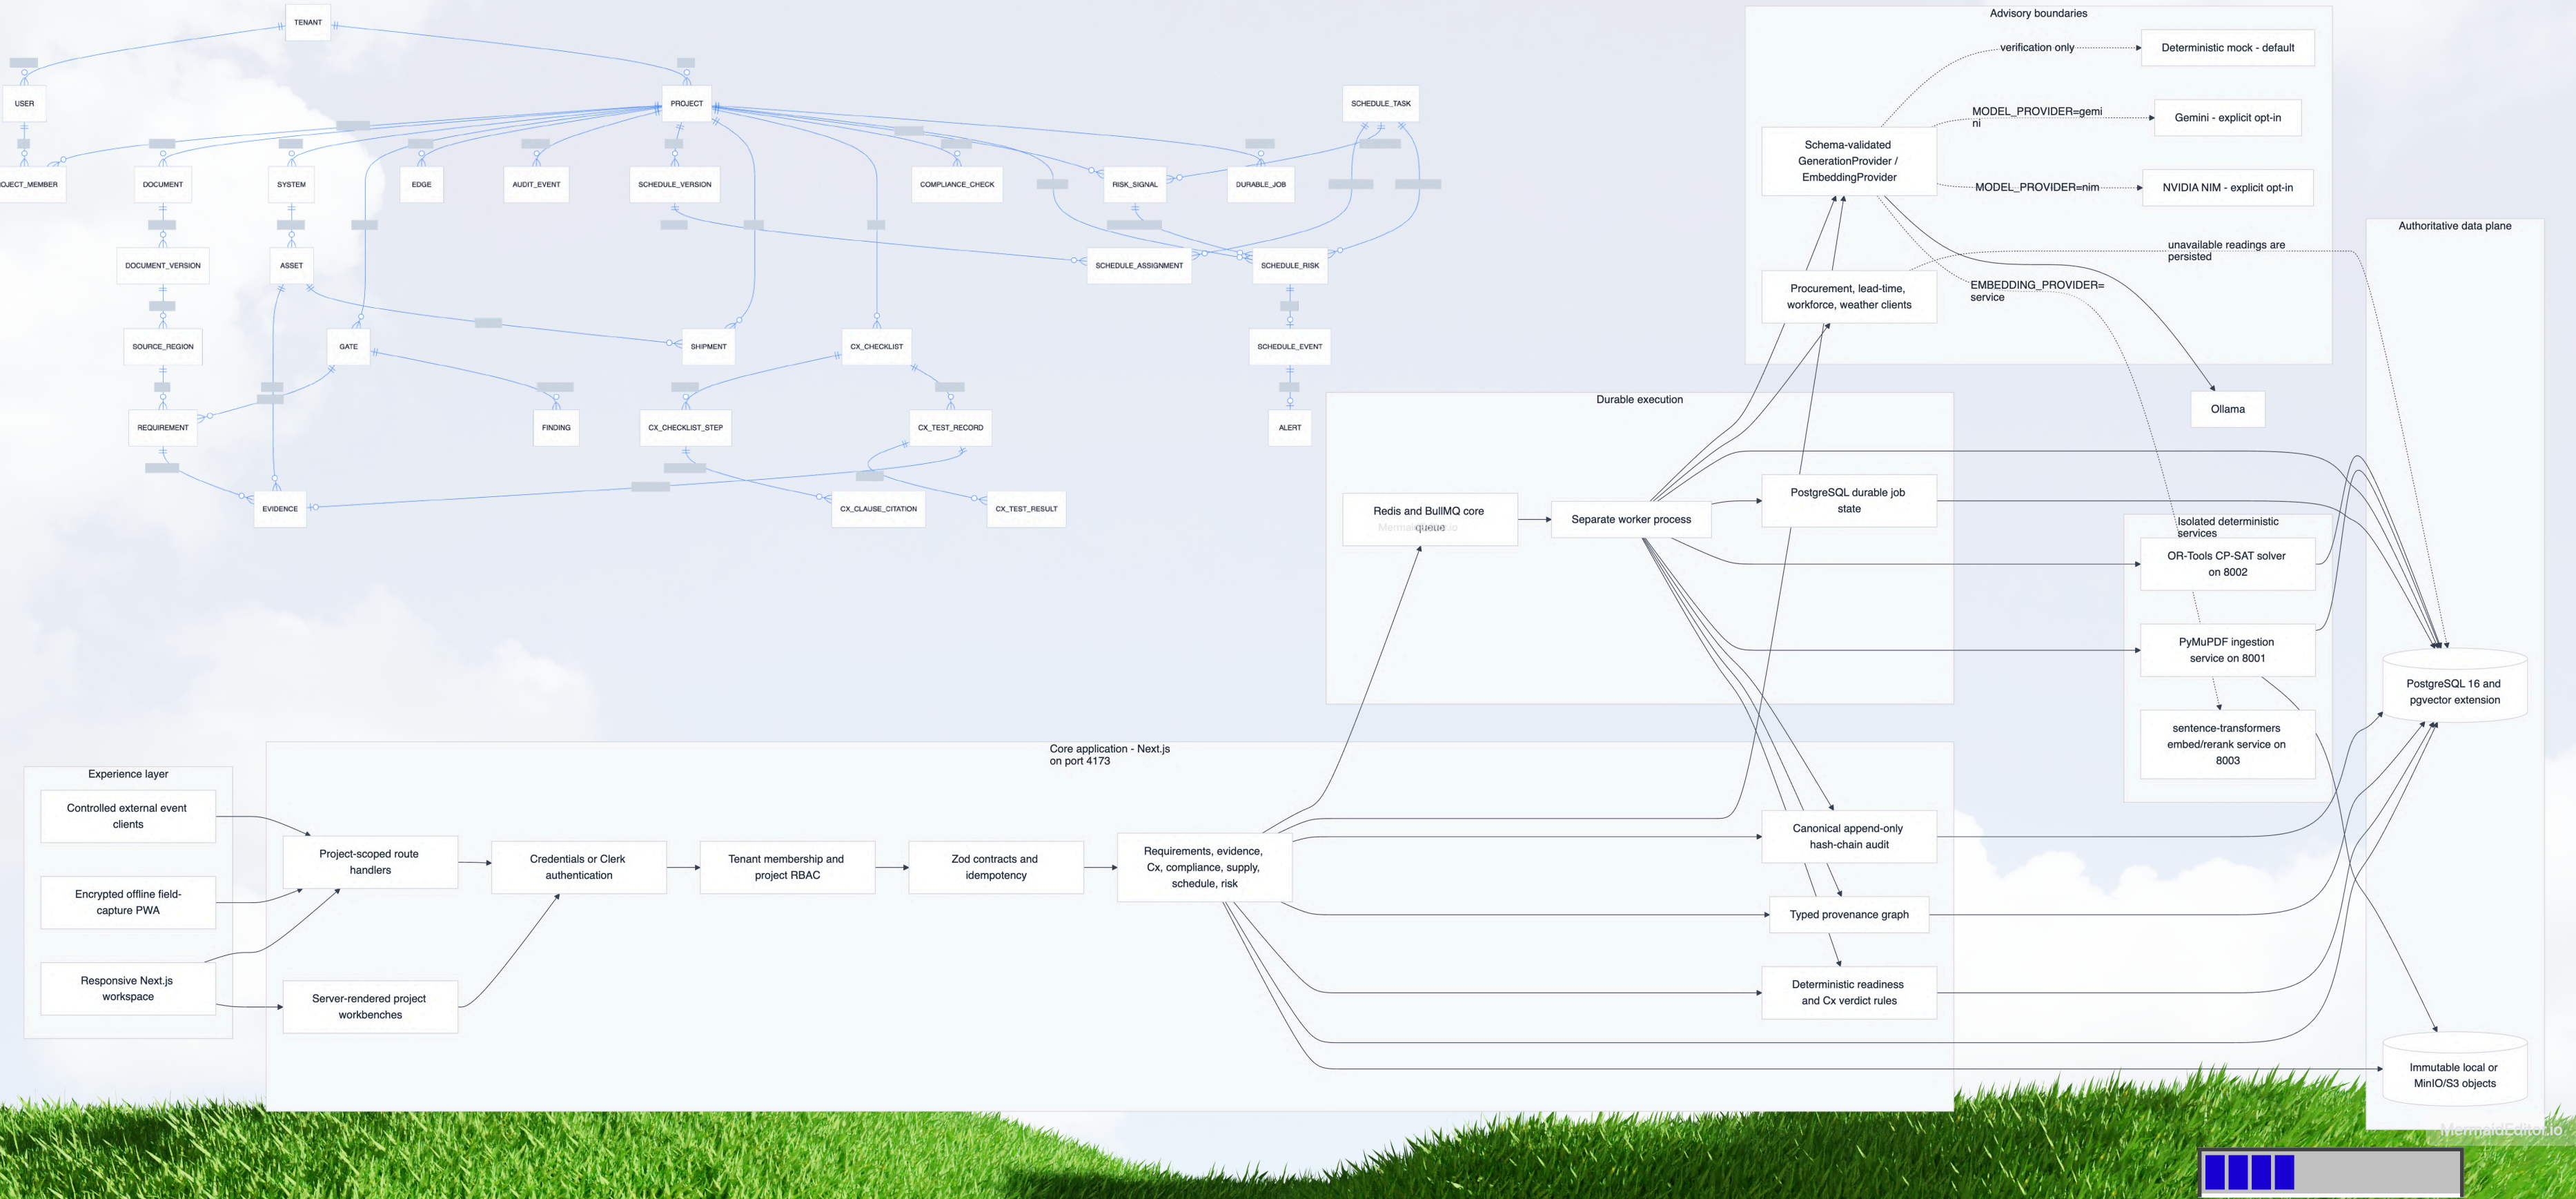

Why is it important?

- 17% rise in energy demand for datacentre
- Capex upwards of 1 Tr USD
- Bharat is a hotspot

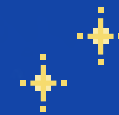

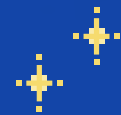

OUR ARCHITECTURE

What we have & can do?

The Impact that we have
